

Commercial Paper Rates Lower

Texas Crude Oil Advanced

Washington, Oct. 2.—Demand for commercial paper was generally a slight reduction in the rates, but there was no acceptance market, published today by the Commodity Reserve Board. Lower bill rates were ascertainable, mainly due to more favorable conditions rather than to the demand for paper. The American Chamber of Commerce of Texas held a meeting at its headquarters in Dallas, Texas, to determine making Oklahoma and Kansas rates \$1.35 a barrel.
